

Jaycee English is part of the front desk team at our Carrollton location and also teaches our youngest dancers in the Twinkle Toes and Tiny Tots classes. She loves working with both dancers and families, whether it's greeting them at the desk or guiding little ones through their very first steps in dance. Nothing makes her happier than seeing her students' faces light up in class as they discover new skills and grow in confidence. In her free time, Jaycee enjoys spending time with her friends and family and making fun memories with the people she loves. She brings joy, energy, and care to everything she does, creating a welcoming and encouraging space for families to feel at home at WGDC.
